

Orlando FSDO FAAS Team presents:

IFR Holding in a Glass Cockpit World including the G1000

While holding patterns are a daily occurrence in flight training and a fact of life for professional pilots, they are often complicated and confusing. This seminar reviews the basics of holding, then moves to glass cockpits and practical applications. The presentation will cover common issues with the Garmin 1000, published holds, and GPS approaches. The seminar is recommend for all pilot interested in instrument flight procedures.

This event is designed to be an interactive audience experience. PLEASE bring your questions and participate in the discussion!

Event Details

Tue, Dec 13, 2016 - 19:00 EST
FAA Southern Region Aviation
Safety Center/Orlando Field
Office
